

# Integrate **brige** with your Enterprise Cloud Solution **Write. Click. Send.**

Let's take your business to the next level.

We at **brige** are changing the landscape of the writing and delivery of cheques. This is done by making the cheque into a digital platform enabled on any device. Our thought is:

**GET RID OF THE PAPER!**

What is a “Digital Chequebook”? Simply put. **brige** gives you, the cheque writer the ability to write cheques from your Enterprise Solution and send notifications to the recipients via email to receive their cheque.

## Advantages

- Cheques remain one of the best payment options for record keeping.
- If you or your business operates more than one chequing account, you will only require one “digital chequebook”.
- When you move your bank account you will not need to destroy old cheques and buy new ones.
- We, **brige** do all the delivery of the cheque.
- Cost is similar to writing and sending paper cheques, or email transfers, if not cheaper.
- Opportunity, cost and convenience,..you tell us!
